27	1100	1130	(CONT:) On the afternoon of 21 Mar 70, a 4 man sniper team was sent on a mission 300 meters to the north(YD 441191). They carried 1 PRC-25, 2 M-16's, 1 M-79, and 1 modified M-14 sniper rifle with scope. At 1938 hrs, 22 Mar, C Co detected movement to their front. All LP's were called back to the perimeter. The sniper team was contacted and instructed to hide because of enemy activity. The sniper team responded with a "Roger". From this point there was no radio contact with the team. Upon inspection of the position the next morning by artillery personnel and according to the interview with PFC Anderson, approx, 30 minutes after the team was last contacted by C Co on FSB Granite, a 105mm HE round struck a tree causing an air burst, killing 2 of the team and wounding one other. It is thought that this 105mm HE round was an erratic round. PFC Anderson was struck in the shoulder by a falling tree. Shrapnel from the HE round damaged the PRC-25 rendering it inoperable. Approx. 1 hour after the HE round (CONT:)
